POWER GENERATION TECHNICIAN WHITEHORSE, YUKON

ATCO Structures & Logistics is a North American leader in technical services and facilities management for the telecommunications, resource, transportation, utility and defense sectors. Our Joint Venture with the Northern Aboriginal Services Company has an immediate requirement for a Power Generation Technician, to maintain diesel power generation systems at telecom sites in Yukon & northern BC.

The Power Generation Technician will provide scheduled preventive maintenance on diesel generators at remote sites, unscheduled repairs and emergency response to correct diesel generator failures and other related problems, and periodic installations of generators and related equipment.

Inspections of fuel systems, fuel tank dips and reporting as well as associated fuel supply problems that may arise.

The position requires regular travel by truck and helicopter to remote sites in northern BC, and Yukon.

The successful candidate will be a diesel or heavy equipment mechanic (Journeyman/Apprentice or Equivalent experience) with a valid driver's license. Candidates should have a minimum of 5 years' experience maintaining and repairing diesel generators; trouble shooting and repairing mechanical and electronic engine controllers; and repairing other equipment associated with remote diesel power generation. A demonstrated ability to work independently and "get the job done" thoroughly, efficiently and safely is essential.

ATCO Structures offers a competitive pay and benefits package. Qualified individuals are invited to apply on or before December 22nd to:
